

BRIEF HISTORY AND OBJECTIVES

The Journal **Scientific Papers Series „Management, Economic Engineering and Rural Development”** was created in the year 2001, after the foundation of the Faculty of Management, Economic Engineering in Agriculture and Rural Development, according to Government Decision No. 94/8 February 2000 within the University of Agricultural Sciences and Veterinary Medicine Bucharest Romania.

Starting from the year 2009, the Journal ”Scientific Papers Management, Economic Engineering in Agriculture and Rural Development” appears under the title Scientific Papers Series „Management, Economic Engineering in Agriculture and Rural Development” and has three issues.

It aims is to disseminate the most important research results in the field of economic engineering in agriculture, agricultural management, marketing and agrifood trade, rural economy and agricultural policies, accounting, financial analysis in agricultural holdings, agrarian legislation, durable development of rural areas, environment protection and economy, financing, rural tourism, agricultural extension and other areas connected to agriculture and rural development.

The scientific papers set up by various authors both from Romania and abroad, presented on the occasion of different symposia organized at national level (2001-2004) and at international level starting from the year 2005, have been annually published in this Journal .

At the beginning, the full papers were published in Romanian, but after the year 2006 till present , all the papers have been entirely published in English.

The quality of the published articles is assured by the peer-reviewing process supported by expert evaluators both from the country and abroad, as well as by the Editorial Board which consists of recognized personalities with a long experience and high competence for each research field.

The Journal encourages the elaboration and publication of original papers, with a substantial scientific content, of high theoretical and practical value, bringing an important contribution to the scientific knowledge in the approached field .

During the first three years from its foundation (2001-2003), the journal was published by the Publishing House of the University of Agricultural Sciences and Veterinary Medicine Bucharest, but starting from the year 2004 till present, the full papers are published in this journal by various publishing houses recognized by National Council of Scientific Research in Higher Education such as: CERES Publishing House (2004), DOMINOR Publishing House (2005, 2007-2009), Cartea universitara Publishing House (2007) and RAWEX-COMS DOMINOR Publishing House (2010).

Starting from the year 2008, the journal „Scientific Papers Series Management, Economic Engineering in Agriculture and Rural Development” is classified in B category by National Council of Scientific Research in Higher Education (CNCSIS).
