of the European Union

**Digital, state-of-the-art agribusiness education for farmer led
enterprises in the agri-food value chain**

Erasmus+ Strategic Partnerships

Project number 2019-1-RO01-KA203-063752

Dear colleagues,

It is our great pleasure to invite you to attend the **1st workshop on the Erasmus+ COOPERFORMANCE - Project results**, on June 4th, 2021, which will be held online and organized within the frame of the International Conference "Agriculture for Life, Life for Agriculture" at USAMV of Bucharest.

The workshop aims to bring together academic scientists, researchers and research scholars to exchange and share experiences on the cooperative sector, it will look to the potential solutions in the cooperatives sectors and will try to identify how agriculture sector can be better supported to meet the challenges of changing global demands in a way that could also deliver on social and environmental needs. It is expected that the findings of the project results will conduct toward an implementation of the cooperative knowledge in a master program curriculum at USAMV of Bucharest.

The session will comprise an overview on the project results, expert views on the challenges in the cooperative sector from the partner countries and an updated situation on the policy frame of the agriculture field.

At a time of global challenges and an uncertain Covid-19 situation, this edition will allow participants to join the workshop in virtual format, on the Google Suite platform.

To participate at the session, please access the link below:
